### Food Court - Vendor Booths

**Electricity** - Each 10' X 10' booth location receives **110 volts with a GFCI duplex receptacle, 15 amp service**. **No additional power per booth space is available**, if additional power is needed you will need to rent an additional booth space or you will need to supply a generator to meet your individual needs.

**NO tents are provided**. Commercial grade tents are encouraged, tents are to be in good condition and clean in appearance - no tarps allowed. Vehicle parking separate.

Exhibitors are required to bring their own extension cords or power strips to plug into power source. **The fair does not supply** any wiring, extension cords, adapters or special connectors of any kind. All extension cords or wiring must be properly taped down to the floor or tucked away to avoid potential trip or safety hazards. The Uintah County fair expressly denies responsibility for electrical failures, and any damage to equipment or property, caused by drops or increases in power supply, low voltage or power surges.

**Exhibitors will need to meet the requirements of a Temporary Food Establishment with the TriCounty Health Department.** To obtain the needed form [contact the TriCounty Health Department directly](#). *Please remember to bring the temporary food permit with you.*
